

Call for Sponsors and Exhibitors

November 2026

Summit Organizers

The Northeast Waste Management Officials' Association (NEWMOA) and the University of Connecticut Technical Assistance to Brownfields Program (UConn TAB), in partnership with the U.S. EPA Region 1 Brownfields Program, and regional tribal and state brownfields programs, are excited to announce the third biennial Brownfields Summit taking place **December 9–10, 2026**, at the **Newport Marriott** in **Newport, RI**.

About the Summit

Cleaning up and redeveloping brownfields strengthens local economies, supports job creation, revitalizes existing infrastructure, and improves community and environmental health. The 2026 Brownfields Summit will provide a regional forum for learning, collaboration, and connection around these important issues.

The goals of the Summit are to:

- Share information about financial incentives, liability protections, technical resources, and other assistance available for brownfields development
- Promote best practices and lessons learned across tribes, states, and communities
- Create opportunities for networking and information exchange among key stakeholders

The two-day program will feature plenary and breakout sessions, an exhibit area, and a networking reception on the first evening. Breaks throughout the event will allow ample time to connect with colleagues and explore the exhibit area.

We expect approximately 300 attendees, including representatives from:

- Tribal, state, and federal brownfields and waste site cleanup programs
- Local, regional, and state economic development agencies and planning departments
- Local governments, community organizations, and interested citizens
- Job training grantees
- Real estate developers, financial institutions, and law firms
- Planning and economic development consulting firms
- Environmental professionals

Sponsoring the Summit

All sponsors will receive prominent recognition leading up to and during the Summit. NEWMOA will highlight sponsors' names, logos, and sponsorship levels on the event website, social media, and event signage. Sponsors will also be acknowledged during the plenary session. Networking breaks and the reception will take place in the exhibit area, providing additional visibility. Sponsorship levels, costs, and benefits are outlined in the table below.

	Luncheon* $20,000	**Platinum Plus** $9,000	**Platinum** $6,000	**Gold** $3,500	**Silver** $2,000

Exhibit-Only Opportunities

Organizations that are not interested in a full sponsorship package may purchase an **Exhibit-Only space for $1,500**, subject to availability after all sponsors have been accommodated.

Includes:

- One 6' by 30" skirted table with two chairs
- 50% discount on one conference registration

Sponsors receive priority for exhibit space, with first choice of exhibit tables going to the highest sponsorship tiers. **Exhibit-only opportunities are limited and are available now, subject to remaining availability.**

To become a Summit Sponsor or Exhibitor, please fill out this form.

Questions? Please visit the event website or contact us at brownfields2026@newmoa.org

* Limited to two organizations.
† Participation in the Planning Committee is optional.
