The Gleaners By Jean Francois Millet

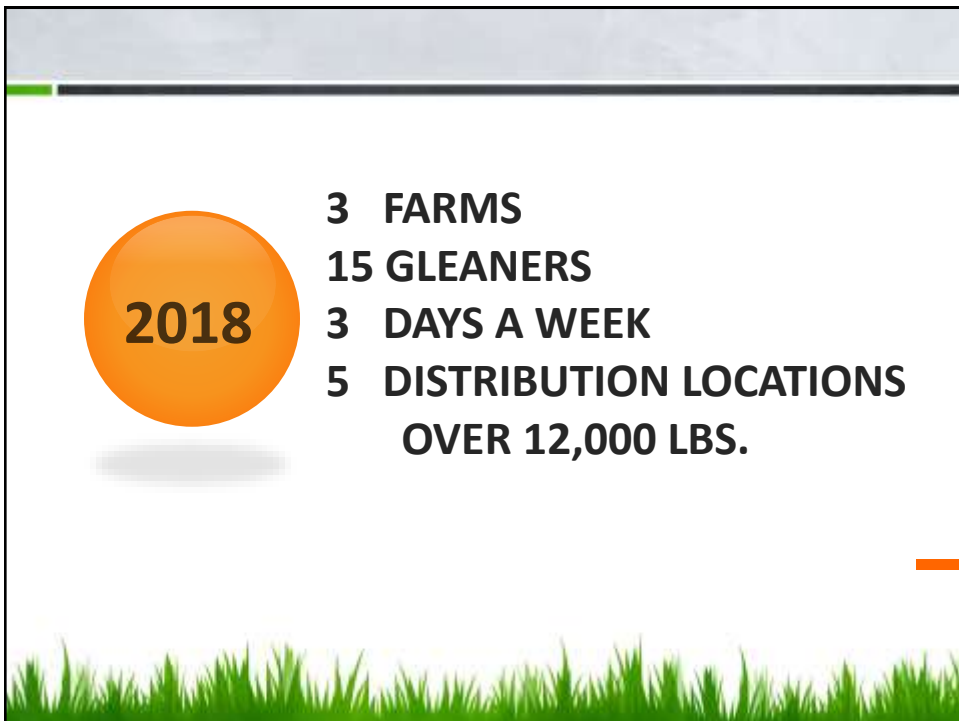

2017

- 1 FARM
- 3 GLEANERS
- 1 DAY A WEEK
- 4 DISTRIBUTION LOCATIONS
- OVER 6000 LBS

This infographic for the year 2017 features a large orange circle on the left containing the year '2017'. To its right, a list of statistics is presented in bold black text. The background is white with a grey header bar at the top and a green grass border at the bottom. A small orange horizontal line is visible on the right side.

2018

- 3 FARMS
- 15 GLEANERS
- 3 DAYS A WEEK
- 5 DISTRIBUTION LOCATIONS
- OVER 12,000 LBS.

This infographic for the year 2018 features a large orange circle on the left containing the year '2018'. To its right, a list of statistics is presented in bold black text. The background is white with a grey header bar at the top and a green grass border at the bottom. A small orange horizontal line is visible on the right side.

Future

- MORE FOOD RECOVERY**
- MORE OPPORTUNITIES**
- 8 DAYS A WEEK**
- MORE GLEANERS**
- MORE DISTRIBUTION LOCATIONS**
- MORE POUNDS OF RECOVERED FOOD**

Opportunities and Challenges

Creative Sources for Food

- More Gleaners -
 - Techniques for Finding
 - More Volunteers
- More Farms -
 - Commitments from more farms

Opportunities and Challenges

More Farms –
 Programmed Spot Gleans
Specialty Farms
Specialty Crops

And did we mention...**MORE** Volunteers
