

# Tanning Bed Lamps Out?

## RECYCLE.

All generators of used fluorescent and other mercury-containing lamps ARE RESPONSIBLE BY LAW for their proper management.

**STEP 1: CONTACT A LAMP RECYCLING COMPANY.** Visit [www.newmoa.org/lamprecycle](http://www.newmoa.org/lamprecycle) for a list.

**STEP 2: CAREFULLY REMOVE SPENT LAMPS** according to the tanning bed manufacturer's directions.

**STEP 3: DO NOT CRUSH OR BREAK LAMPS** - lamps that contain mercury pose significant health risks.

**STEP 4: PLACE LAMPS IN THE BOX** provided by your lighting sales company or a lamp recycler.

**STEP 5: Once the box is full, HAVE YOUR LAMPS PICKED UP FOR RECYCLING.**

For more information, contact Tom Metzner at the Connecticut Department of Environmental Protection at 860-424-3242.

Look for the **Hg** symbol, which means the lamp contains mercury and must be recycled.

Printed on recycled paper.
