Bill, this RCRAonline letter may be of interest to participants of Tuesday's conference call on fuel and water.

www.epa.gov/rcraonline

Title: REGULATORY STATUS OF PETROLEUM PRODUCT CONTAINED IN ABSORBENT PADS

RCRA Online Number: 14503

Date: 02/19/1999

Regards,

Bob Bishop
NHDES

MADEP

The MassDEP regulation that covers management of gasoline/water mixtures is at 310 CMR 30.104(3)(e) which can be viewed online at

< <http://www.mass.gov/dep/service/regulations/310cmr30.pdf> >

VTDEC

This is the link to Vermont's fuel/water mixture fact sheet:

http://www.anr.state.vt.us/dec/ead/sbcap/pdf/fs_fuel2fuel_wm.pdf

The fact sheet that is currently posted needs to be revised to reflect a change to our regulations (effective October 15, 2006). Specifically, the 7-204(a)(2)(B) reference to our exemption for commercial chemical fuel products is now at 7-204(l). Hopefully, I can have the fact sheet revised and posted w/in the next few days.

Steve Simoes

(802) 241-3878

Vermont's "Fuel to Fuel" Exemption

(Effective 10/15/06)

§ 7-204 RECYCLING EXEMPTIONS

The following wastes are exempted from the provisions of these regulations if they are recycled as specified:

* * * * *

- (l) Commercial chemical products that are themselves fuels (e.g., gasoline, aviation fuel, diesel fuel) provided:
 - (1) The commercial chemical product is burned for energy recovery, or is mixed or reclaimed to produce a fuel;
 - (2) The commercial chemical product is not mixed with non-fuel hazardous waste;
 - (3) The generator maintains a written record of any commercial chemical product shipped off-site that includes:
 - (A) The type and amount of material shipped;
 - (B) The date of generation;
 - (C) The date of shipment; and
 - (D) The name, address and phone number of the receiving facility;
 - (4) Prior to shipment off-site, the commercial chemical product is accumulated and stored in containers and/or tanks that are:
 - (A) Marked with words that identify the contents;
 - (B) Kept closed except to add or remove material;
 - (C) In good condition (i.e., no severe rusting, apparent structural defects or deterioration);
 - (D) Kept on an impervious surface, and if stored out-of-doors, within a structure that sheds rain and snow; and
 - (E) Handled and stored in a manner that minimizes the possibility of fire, explosion or a release or discharge to air, soil, groundwater, or surface water;
 - (5) If the commercial chemical product is subject to freezing and expansion, mechanical or physical means are employed to prevent freezing; and
 - (6) The commercial chemical product is shipped off-site within 45 days from the date of generation.
