

The Action Behind the Commitments

Stimulating supply and demand of post-consumer recycled content

The Healthy Hydration Company™

Nestlé Waters North America

Our Bottled Water Portfolio

Vision

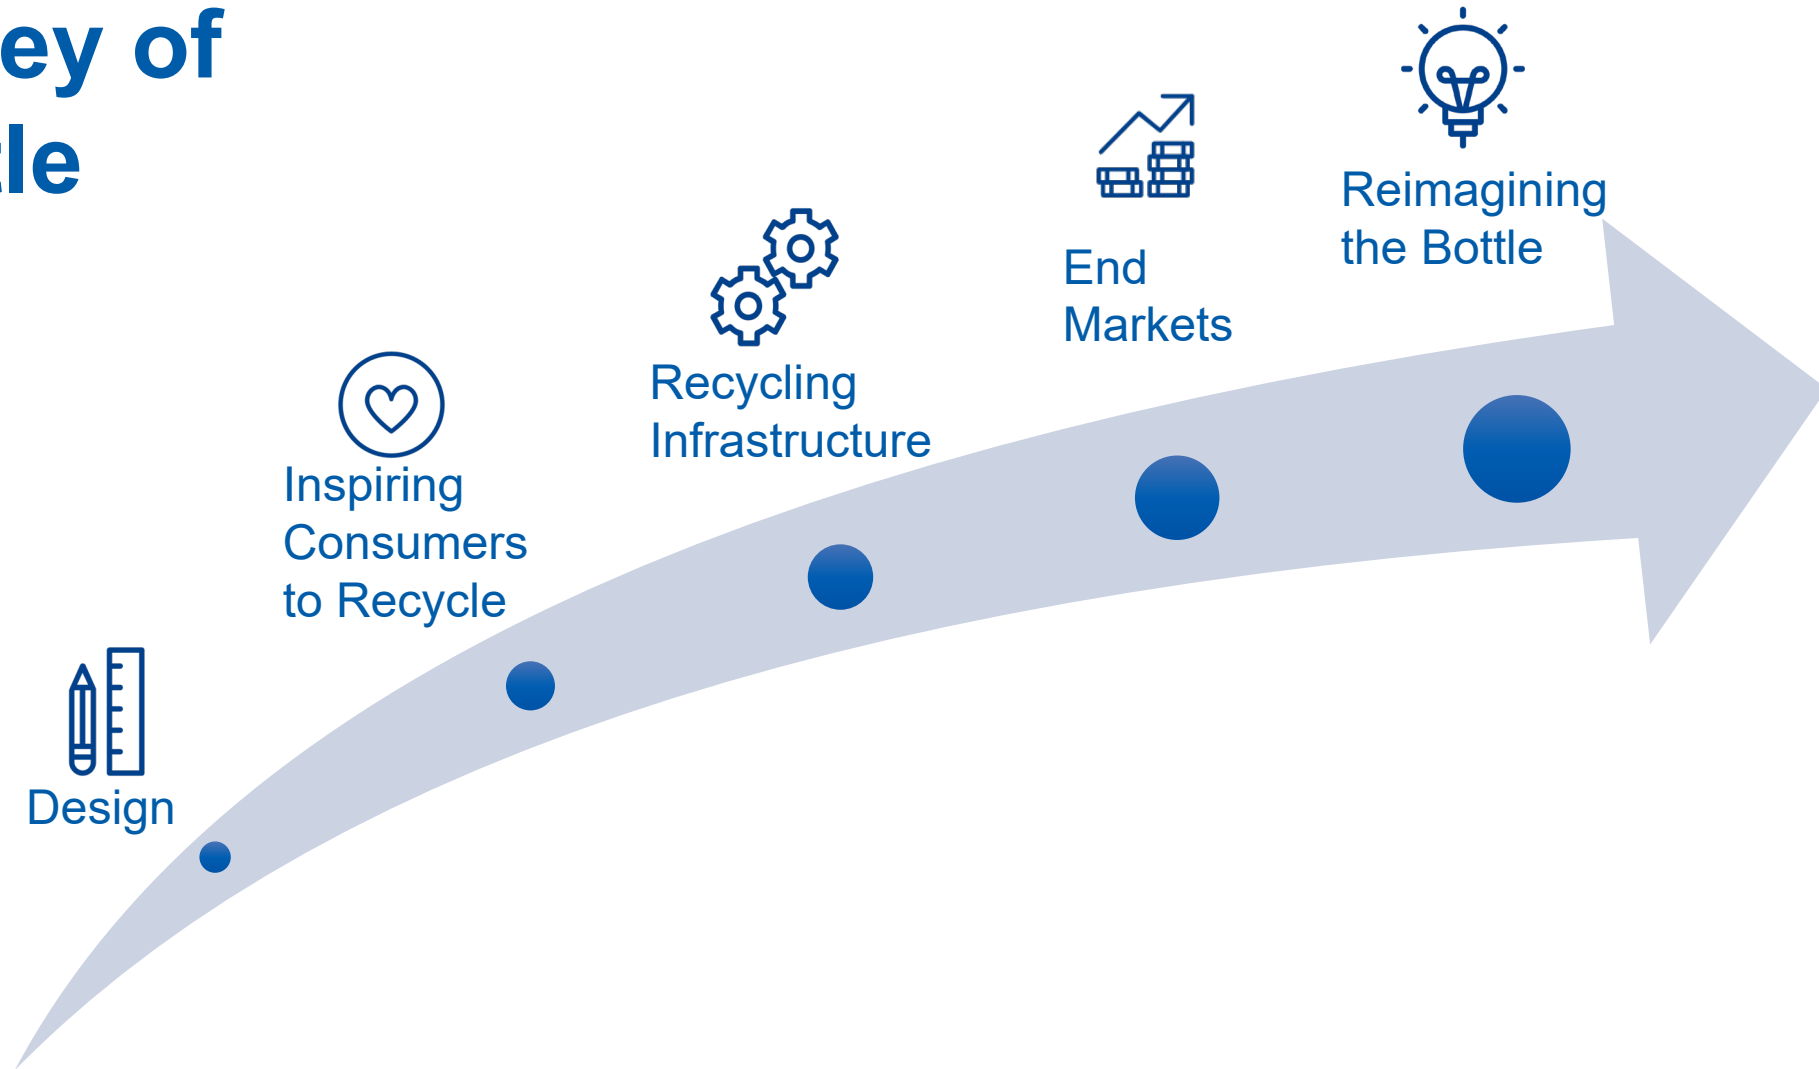

**Plastics
made from
recycled/
renewable
materials**

Plastic
recognized as
**valuable,
renewable
resource**

**Less plastic
waste and
misuse**

Reshaping the Journey of a Bottle

End Market

Disclosing our targets and making long-term investments with suppliers – to share our progress and demonstrate our commitment

Our Commitments in Action

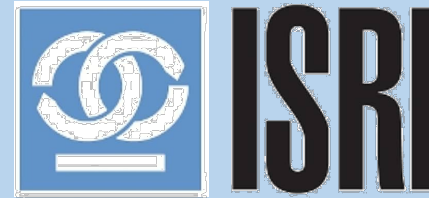

100% RECYCLED PLASTIC¹ BY 2022

CHANGE STARTS NOW

This year, we launched 12 new bottles made from 100% recycled and 100% recyclable material.

Our Nestlé Pure Life Kids Buddies bottles use an innovative new floatable-label technology that is compatible with recycling

Supporting Sustainable Policy Solutions

2 Focus Areas

1

Supporting **Modernized and more Uniform Bottle Deposit Systems** to increase collection and feedstock

2

Supporting ambitious and attainable **Post-Consumer Recycled Content Standards** to stimulate and stabilize demand
