Introduction

The NERC-NEWMOA Regional Recycling Market Development Committee has produced this list of businesses that process or use post-consumer recycled content after processing by MRFs, derived from so-called “blue bin” recyclables: paper, plastic, glass, aseptic cartons, aluminum and steel cans.

The list is limited to facilities in the NERC region – Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont.

There may be errors and even omissions. If you identify either, please contact Lynn Rubinstein, NERC Executive Director (lynn@nerc.org).
