

2024 Northeast Conference on the Science of PFAS: Human Health & the Environment

April 2 – 4, 2024 | Best Western Royal Plaza Hotel and Trade Center in Marlborough, MA

Sponsor Exhibits *(Last Updated 03/25/2024)*

Table	Sponsor	Company Overview	Contact Information
1	Fluid Management Systems http://www.fms-inc.com/	Fluid Management Systems, Inc. designs, manufactures, and supports analytical instruments used by scientists to perform extraction, cleanup, fractionation, and concentration of samples prior to chemical analysis.	Tom Hall (617) 393-2396 thall@fms-inc.com
2	Atlas Technical Consultants https://www.oneatlas.com/	Atlas provides professional testing, inspection, engineering, environmental, and consulting services. We deliver solutions to both public and private sector clients in the transportation, commercial, water, government, education, and industrial markets nationwide.	Michael Gitten (781) 404-1439 michael.gitten@oneatlas.com
3	PromoChrom Technologies https://www.promochrom.com/	Automated Solid-Phase Extraction for PFAS & other POPs.	Jeffrey Nichol (833) 772-4766 jeffrey_nichol@promochrom.com
4	AdvaMed https://www.advamed.org/	AdvaMed, the Medtech Association, is the leading trade association for the medical technology industry, representing medical technology companies of all sizes and their mission to develop life-changing technologies that millions of patients depend on.	Roxy Kozyckyj (312) 550-4366 rkozyckyj@advamed.org
5	Complete Environmental Testing https://www.cetlabs.com/	CET operates a full-service environmental testing laboratory committed to servicing the needs of municipal, engineering, industrial and the environmental consulting community.	Jeffrey Smith (203) 377-9984 jsmith@cetlabs.com

Table	Sponsor	Company Overview	Contact Information
6	<p>Ovivo</p> <p>https://pfas.ovivowater.com/</p>	<p>With over 150 years of experience providing sustainable water and wastewater treatment solutions, Ovivo is now providing the next generation of PFAS treatment solutions focusing on onsite PFAS destruction. Ovivo's integrated onsite PFAS solutions are easy to operate, energy efficient, and will safely reduce your liabilities and operating cost.</p>	<p>Tom Whitton (514) 601-1316 tom.whitton@ovivowater.com</p>
7	<p>SPL</p> <p>https://www.spllabs.com/</p>	<p>SPL is a leading provider of compliance and testing services for Environmental, Energy, and other end markets. As a UCMR 5 approved laboratory, SPL offers some of the fastest turnaround times for PFAS samples in the country. It is our mission to be your preferred partner, empowering our customers to lead the world toward a more transparent, fair, and sustainable future.</p>	<p>Andrew Parker, Ph.D. (720) 686-8633 andrew.parker@spllabs.com</p>
8	<p>GZA GeoEnvironmental, Inc.</p> <p>https://www.gza.com/</p>	<p>GZA is a multi-disciplinary employee-owned firm with a 58-year history of providing geotechnical, environmental, ecological, water and construction services. GZA's more than 700 professionals are based in New England, the Mid-Atlantic, and the Great Lake States.</p>	<p>Richard Desrosiers (860) 965-1117 richard.desrosiers@gza.com</p>
9	<p>Weston Solutions, Inc</p> <p>https://www.westonsolutions.com/</p>	<p>Weston Solutions is an environmental and infrastructure support services firm. We work with our federal, state, and local governments as well as industrial clients to solve their most complex challenges with a passion to serve and make a difference.</p>	<p>Lisa Kammer (603) 656-5400 Lisa.Kammer@WestonSolutions.com</p>
10	<p>Allonnia</p> <p>https://www.allonnia.com/</p>	<p>Allonnia is a bio-ingenuity company™ dedicated to extracting value where others see waste. We are focused on finding elegant solutions to the world's biggest environmental problems using the world's smallest organisms.</p>	<p>Meredith Piela (781) 738-3058 mpiela@allonnia.com</p>

Table	Sponsor	Company Overview	Contact Information
11	<p>Pace Analytical Services</p> <p>https://www.pacelabs.com/</p>	<p>Pace® has been an industry leader in persistent organic pollutant testing for over 3 decades and was one of the first commercial laboratories to analyze for PFAS compounds. As regulatory requirements and methodologies have evolved, we've responded. Please visit PFAS.com for more details and current information regarding PFAS testing.</p>	<p>Steve Knollmeyer (603) 498-7213 stephen.knollmeyer@pacelabs.com</p>
12	<p>Axine Water Technologies, Inc</p> <p>https://www.axinewater.com/</p>	<p>Axine Water Technologies' electraCLEAR™ process is a market leading solution for electrochemical destruction of both long and short-chain per and poly-fluorinated (PFAS) compounds. With active system deployments across North America since 2017, Axine's Treatment-as-a-Service (TaaS) approach simplifies delivery while ensuring compliance with even the most stringent environmental regulations.</p>	<p>Louis LeBrun (919) 996-9372 llebrun@axinewater.com</p>
13	<p>Waters ERA</p> <p>https://www.eraqc.com/</p>	<p>Trusted by thousands of commercial, research and government laboratories in over 80 countries, ERA delivers more than data validation and documentation. We deliver the peace of mind that comes from partnering with the world's premier provider of certified reference materials (CRM) and proficiency testing (PT) products.</p>	<p>Melissa Coyner (800) 372-0122 melissa_coyner@waters.com</p>
14	<p>Waters Corporation</p> <p>https://www.waters.com/</p>	<p>Waters Corporation is the world's leading specialty measurement company focused on improving human health and well-being through the application of analytical technologies and industry leading scientific expertise. As a pioneer in PFAS analysis, Waters offers a portfolio of liquid and gas chromatography and mass spectrometry, along with sample preparation products.</p>	<p>Jenifer Lewis (508) 244-8478 jenifer_lewis@waters.com</p>
15	<p>GeoEngineers</p> <p>https://www.geoengineers.com/</p>	<p>GeoEngineers is an environmental and engineering consulting firm. Our expertise includes environmental due diligence, remediation design, LSP services, and a focus on emerging contaminants across the U.S.</p>	<p>Sue Bator (781) 603-2635 sbator@geoengineers.com</p>

Table	Sponsor	Company Overview	Contact Information
16	<p>ECT2</p> <p>https://www.ect2.com/</p>	<p>ECT2, a Montrose Environmental Group company, is a global leader in technology solutions for removing challenging contaminants from water and vapor. The company specializes in substances like PFAS and 1,4-dioxane and offers a comprehensive suite of services for understanding and managing their impacts.</p>	<p>Patrick McKeown (207) 318-7817 pmckeown@ect2.com</p>
17	<p>TRS Group</p> <p>https://www.thermalrs.com/</p>	<p>TRS Group is a global provider of thermal remediation and PFAS removal technologies for the in situ treatment of soils, groundwater and bedrock, the ex situ treatment of soil piles and dredged sediment and AFFF fire suppression systems.</p>	<p>Lauren Soos (877) 950-0950 lsoos@thermalrs.com</p>
18	<p>Claros Technologies</p> <p>https://clarostechnologies.com/</p>	<p>Founded from technical research developed at the University of Minnesota, ClarosTech is harnessing green chemistry and advanced material science to solve our global planetary and human health PFAS pollution crises. Claros offers a cost effective and energy efficient closed-loop PFAS destruction and defluorination system that permanently destroys all types of PFAS.</p>	<p>John Brockgreitens (612) 561-7050 john@clarostech.com</p>
19	<p>Revive Environmental</p> <p>https://www.revive-environmental.com/</p>	<p>Revive Environmental Technology is a full-service environmental contaminant mitigation and water treatment company on a mission to destroy PFAS using their patented advanced technologies – PFAS Annihilator® and GAC Renew™.</p>	<p>Rick Gillespie (833) END-PFAS rgillespie@revive-environmental.com</p>
20	<p>Maine Laboratories</p> <p>https://www.pfaslaboratories.com/</p>	<p>PFAS testing laboratory that specializes in all sample types including water, soil, wastewater, landfill leachate, plant tissue, animal tissue, milk, and cow's serum.</p>	<p>Katie Richards (207) 518-8030 katie@mainelaboratories.com</p>

Table	Sponsor	Company Overview	Contact Information
21	<p>Clear Creek Systems</p> <p>https://clearcreeksystems.com/</p>	<p>Clear Creek is a leader in designing and implementing PFAS treatment solutions, having worked on PFAS projects across the USA.</p>	<p>Phil Farina (419) 346-8848 pfarina@clearcreeksystems.com</p>
22	<p>Eurofins Environment Testing US</p> <p>https://www.eurofinsus.com/environment-testing/</p>	<p>Eurofins is North America’s largest research, innovation, and production PFAS Laboratory network. Eurofins has the expertise, experience, resources, and technological innovations to address the environmental analytical challenges of PFAS.</p>	<p>Don Wyand (717) 682-8970 Donald.Wyand@ET.EurofinsUS.com</p>
23	<p>Ramboll</p> <p>https://www.ramboll.com/</p>	<p>Ramboll is a global architecture, engineering, and consultancy company, employing over 17,000 experts. We leverage local experience with a global knowledge base to deliver sustainable solutions that combine insights with the power to drive positive change for our clients.</p>	<p>Jaana Pietari (978) 449-0358 jpietari@ramboll.com</p>
24	<p>Absolute Resource Associates</p> <p>https://www.absoluteresourceassociates.com/</p>	<p>ARA provides professional, certified environmental laboratory testing and consulting services related to suspected contaminants in soil, water, and indoor air.</p>	<p>Jean Gennaro (603) 436-2001 jeang@absoluteresourceassociates.com</p>
25	<p>EA Engineering, Science, and Technology, Inc., PBC</p> <p>https://www.eaest.com</p>	<p>EA is an employee-owned public benefit corporation that provides comprehensive interdisciplinary environmental services. With offices nationwide, EA has earned an outstanding reputation for technical expertise, responsive service, and judicious use of client resources.</p>	<p>Erica Thieleman (315) 565-6562 ethieleman@eaest.com</p>

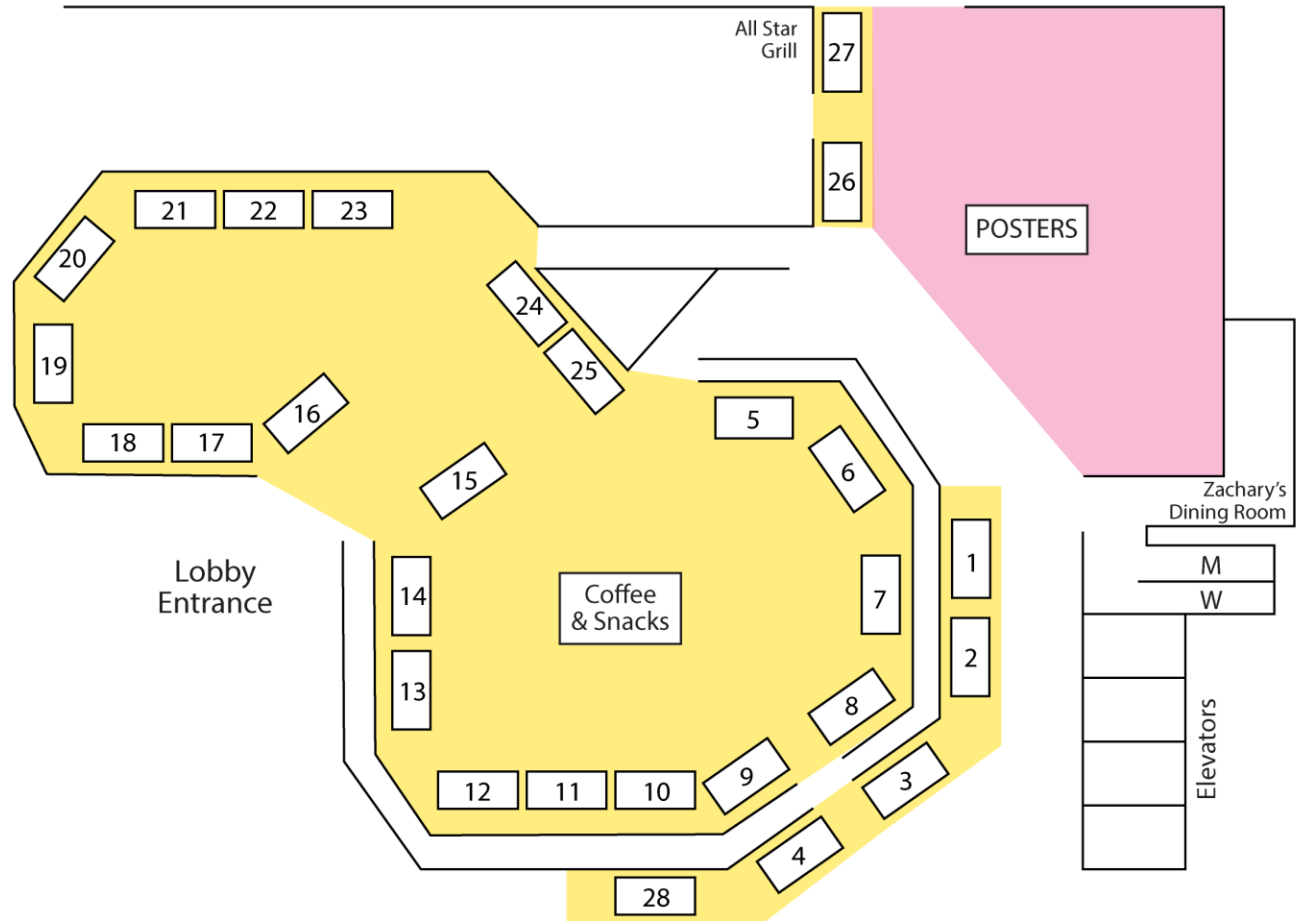

Table	Sponsor	Company Overview	Contact Information
26	<p align="center">U.S. Environmental Rental Corp.</p> <p align="center">https://usenvironmental.com/</p>	<p>U.S. Environmental Rental Corp is a leader in our industry for providing Rentals, Sales, and Service of Environmental Equipment for monitoring the air water and soil along with providing safety supplies and consumables. Our tag line is “The Best Rental Experience Possible.”</p>	<p align="center">John Spadea (508) 341-7091 jspadea@usenvironmental.com</p>
27	<p align="center">Xylem / Evoqua</p> <p align="center">https://www.xylem.com</p>	<p>Xylem is a global water technology provider helping our customers solve the world's toughest water challenges across utility, industrial, commercial, and residential markets worldwide. Across the water cycle, our innovative solutions use less energy, reduce operating expenses, and support sustainability efforts. By working together, we can ensure water is accessible, affordable, and safe for all.</p>	<p align="center">Geoffrey Pellechia (207) 272-7118 Geoffrey.Pellechia@xylem.com</p>
28	<p align="center">REGENESIS</p> <p align="center">https://www.regenesis.com</p>	<p>REGENESIS is an expert provider of cost-effective in-situ soil and groundwater remediation products. Offering the only patented, proven in-situ PFAS groundwater treatment at the lowest total cost-to-closure. REGENESIS leads the industry in effective groundwater and source treatment to eliminate PFAS compounds and other emerging contaminants.</p>	<p align="center">Elliot Maker (949) 366-6562 emaker@regenesisis.com</p>
