1	<p>Stone Environmental</p> <p>www.stone-env.com</p>	<p>Stone Environmental, Inc. (Stone) is a small, 100% employee-owned environmental science and engineering firm located in Montpelier, Vermont. Founded in 1992, our mission is to provide tools, information, and analyses to help our clients solve complex environmental challenges with integrity, expertise, and innovation.</p>	<p>Rebecca Treat (802) 229-5378 rtreat@stone-env.com</p>
2	<p>Eurofins</p> <p>www.EurofinsPFAS.com</p>	<p>Eurofins brings 25 years of unmatched technical expertise, providing high-quality and innovative solutions to PFAS testing. As the only lab reporting >100 PFAS, we deliver the nation's most comprehensive capabilities with unparalleled capacity. Eurofins is your trusted partner for navigating complex PFAS regulations and delivering defensible data.</p>	<p>Beth Brandt (717) 587-5861 beth.brandt@et.eurofinsus.com</p>
3	<p>Porewater Solutions</p> <p>www.porewater.com</p>	<p>Porewater Solutions (PWS) provides industry-leading services for PFAS, modeling, visualization, DNAPL, and litigation forensics. PWS develops PFAS modeling, visualization and e-learning products including Visual PFAS (www.VisualPFAS.com). PWS is currently involved in a number of SERDP and ESTCP projects related to PFAS remediation and training.</p>	<p>Grant Carey (613) 890-2958 gcarey@porewater.com</p>
4	<p>Waters Corporation</p> <p>www.waters.com</p>	<p>Waters is a leader in developing analytical solutions using chromatography and mass spectrometry technologies. Waters workflow solutions integrate sample preparation, consumables, analytical instrumentation and data management software to enable laboratories to identify and quantify diverse chemical compounds to help ensure public safety.</p>	<p>Naren Meruva (804) 647-1997 Narendra_Meruva@waters.com</p>

5	<p>Weston Solutions</p> <p>www.westonsolutions.com</p>	<p>Weston Solutions, Inc. is a mid-size, 100% employee-owned national environmental and infrastructure services firm serving government, industrial, and commercial clients. Our team is committed to providing ultimate safety and value for our clients and driven to be the most effective, efficient service provider in our target markets.</p>	<p>Lisa Kammer (603) 656-5457 lisa.kammer@westonsolutions.com</p>
6	<p>SGS North America</p> <p>www.env.sgs.com</p>	<p>SGS is the world's leading Testing, Inspection and Certification company. We operate a network of over 2,500 laboratories and business facilities across 115 countries, supported by a team of 99,500 dedicated professionals. Our North American EHS services range from labs to remote sensor monitoring; traditional testing to emerging contaminants.</p>	<p>Tom Claire (339) 221-8893 Thomas.Claire@sgs.com</p>
7	<p>REGENESIS</p> <p>www.regenesis.com</p>	<p>REGENESIS is an expert provider of cost-effective in-situ soil and groundwater remediation products. Offering the only patented, proven in-situ PFAS groundwater treatment at the lowest total cost-to-closure. REGENESIS leads the industry in effective groundwater and source treatment to eliminate PFAS compounds and other emerging contaminants.</p>	<p>Elliot Maker (812) 213-2961 emaker@regenesisc.com</p>
8	<p>CETCO</p> <p>www.mineralstech.com/cetco</p>	<p>Our team of clay mineralogists, chemists and polymer scientists transform ordinary minerals into extraordinary technology. Our products can be deployed in various methods, including treating drinking water, wastewater, stormwater mitigation, and in situ and ex situ placement for sequestration of Per- and Polyfluorinated compounds (PFAS).</p>	<p>Matt Geary (267) 885-5653 matt.geary@mineralstech.com</p>
9	<p>ProVerde Environmental</p> <p>www.proverdeenvironmental.com</p>	<p>PFAS specialist testing Company. MA DEP Certified Lab.</p>	<p>Mark Baynham (508) 834-7177 markbaynham@proverdeenvironmental.com</p>

12	<p style="text-align: center;">Bruker</p> <p style="text-align: center;">www.bruker.com</p>	<p>Bruker is enabling scientists and engineers to make breakthrough discoveries and develop new applications that improve the quality of human life. Bruker's high performance scientific instruments and high value analytical and diagnostic solutions enable scientists to explore life and materials at molecular, cellular, and microscopic levels.</p>	<p style="text-align: center;">Artem Filipenko (978) 821-9815 Artem.Filipenko@bruker.com</p>
13	<p style="text-align: center;">Clean Harbors</p> <p style="text-align: center;">www.cleanharbors.com</p>	<p>Clean Harbors is North America's leading provider of environmental and industrial services. The Company serves a diverse customer base, including a majority of Fortune 500 companies. Its customer base spans a number of industries, including chemical, and manufacturing, as well as numerous government agencies.</p>	<p style="text-align: center;">AnnieLu DeWitt (207) 232-8378 dewitt.annielu@cleanharbors.com</p>
14	<p style="text-align: center;">Redox Tech</p> <p style="text-align: center;">www.redox-tech.com</p>	<p>Redox Tech is a specialized remediation firm, offering design support, products and implementation services. Based in Cary NC with offices in New England, NJ, IL, GA and CA. We can provide a turn-key approach to your complex remediation projects, including PFAS and Sonic Drilling needs.</p>	<p style="text-align: center;">Brad Elkins (919) 687-0140 elkins@redox-tech.com</p>
15	<p style="text-align: center;">Aclarity, Inc.</p> <p style="text-align: center;">www.aclaritywater.com</p>	<p>Aclarity is a pioneer in PFAS destruction featuring electrochemical oxidation technology. Launching from UMass Amherst in 2017, Aclarity has destroyed PFAS in concentrated landfill leachate, groundwater, and industrial effluents. We are applications specialists, project managers, and site operators.</p>	<p style="text-align: center;">Sallee Murphy (508) 794-5551 sallee.murphy@aclaritywater.com</p>
16	<p style="text-align: center;">TRC Companies</p> <p style="text-align: center;">www.trccompanies.com</p>	<p>TRC's tested practitioners in consulting, construction, engineering & management services deliver unique resolutions to answer any imperative. By creating new pathways for the world to thrive, we help our clients adapt to change while solving the challenges of making the Earth a better place to live — community by community and project by project.</p>	<p style="text-align: center;">Elizabeth Denly (978) 656-3577 edenly@trccompanies.com</p>

17	<p align="center">Battelle</p> <p align="center">www.battelle.org</p>	<p>At Battelle, scientists lead the nation in advanced PFAS analytical chemistry, operating one of the country's foremost accredited PFAS testing facilities. Our team is recognized for tackling complex PFAS challenges with cutting-edge methods and deep technical expertise, while maintaining a commitment to producing high-quality, defensible data that meets evolving regulatory demands. As the world's largest independent, nonprofit applied science and technology organization, Battelle transforms complex scientific challenges into real-world solutions and empowers partners to solve their toughest problems.</p>	<p align="center">Chris Ouellette (781) 681-5585 ouellettec@battelle.org</p>
18	<p align="center">Alliance Technical Group</p> <p align="center">www.alliancetg.com</p>	<p>Alliance is a premier environmental services & solutions company dedicated to helping our clients achieve their environmental goals and mitigate the risks associated with regulatory changes. Alliance specializes in Environmental Compliance, On-site Testing & Monitoring, and Laboratory Testing & Analysis.</p>	<p align="center">Jeff Nottingham (256) 351-0121 Jeffery.Nottingham@AllianceTG.com</p>
19	<p align="center">U.S. Environmental Rental Corp.</p> <p align="center">www.usenvironmental.com</p>	<p>U.S. Environmental Rental Corp. is a leader in our industry for providing Rentals, Sales, and Service of Environmental Equipment for monitoring the air water and soil along with providing safety supplies and consumables. Our tag line is "The Best Rental Experience Possible."</p>	<p align="center">John Spadea (508) 341-7091 jspadea@usenvironmental.com</p>
20	<p align="center">GeoEngineers USA</p> <p align="center">www.geoengineers.com</p>	<p>GeoEngineers USA, P.C., an affiliate of GeoEngineers, Inc. is an employee-owned engineering and earth science consulting firm that cares about the important stuff. GeoEngineers was founded with a passion for building community, caring for people and personal ownership. We offer cutting-edge services in a down-to-earth package that will always put people first.</p>	<p align="center">Sophia Kempf (617) 749-9223 skempf@geoengineers.com</p>
21	<p align="center">CEM Corporation</p> <p align="center">www.cem.com</p>	<p>CEM Corporation has manufactured analytical instrumentation since 1978, bringing innovative solutions to major corporations and research centers. Their sample preparation solutions, including solvent extraction for PFAS, deliver speed, simplicity, and automation, adapting to changing laboratory needs. CEM's global network supports labs worldwide.</p>	<p align="center">Alicia Stell (919) 414-9041 alicia.stell@cem.com</p>

22	MACHERY-NAGEL www.mn-net.com/us	MACHERY-NAGEL provides optimal and reliable solutions for your lab work in sample preparation, method development, and routine analysis. Our chromatography product line ranges include SPE, sample filtration, vials & caps, Flash, TLC, GC, and HPLC/UHPLC. Our HPLC brands include the long established NUCLEOSIL, and the next-gen NUCLEODUR phases.	Emiley Riden (908) 323-6652 eriden@mn-net.com
23	Pace Analytical Services www.pacelabs.com	Pace® Analytical Services is a nationwide network of environmental laboratory analytical facilities with testing expertise in PFAS, Sediment & Tissue, Air, Petroleum, and regulatory compliance and site remediation services for testing of soil, groundwater, surface water, drinking water, wastewater, and air sample media.	Jeremy Thebodo (774) 666-0360 jeremy.thebodo@pacelabs.com
24	Fluid Management Systems www.fms-inc.com	Founded in 1985, Fluid Management Systems, Inc. designs, manufactures, and supports analytical instruments used by scientists to perform extraction, cleanup, fractionation and concentration of samples prior to chemical analysis.	Breanna Williams (617) 393-2396 b.williams@fms-inc.com
25	GZA GeoEnvironmental www.gza.com	GZA an employee-owned firm providing environmental, water (groundwater and limnology), brownfield redevelopment, geotechnical, construction management and ecology solutions to municipalities. GZA has some of the largest national investigation and remediations PFAS projects and look to assist our client as the science of PFAS keeps evolving.	Richard Desrosiers (860) 965-1117 richard.desrosiers@gza.com
26	PromoChrom Technologies www.promochrom.com	PromoChrom Technologies delivers automated SPE solutions engineered for efficiency, reliability, and PFAS-intensive workflows. Our patented multi-channel valve enables true parallel processing of up to 8 samples without complex solenoid assemblies, offering compact, dependable automation backed by strong service and support.	Jeff Nichol (604) 440-9087 jeffrey_nichol@promochrom.com
