Revitalizing New England: Brownfields Summit 2026

December 9-10, 2026 | Newport Marriott | Newport, RI

Exhibit Hall Directory

Last Updated: November 20, 2026

TABLE	ORGANIZATION	OVERVIEW	CONTACT
1	**U.S. EPA Region 1** epa.gov/brownfields/r1	The U.S. Environmental Protection Agency Region 1 Brownfields Program helps New England communities assess, safely clean up, and sustainably reuse properties with contamination concerns. The program supports redevelopment that protects public health, strengthens local economies, and improves environmental quality.	**Katy Deng** (617) 918-1286 deng.katy@epa.gov
2	**Sevee & Maher Engineers** sme-engineers.com	Sevee & Maher Engineers (SME) provides civil and environmental engineering, permitting, site investigation and remediation, and brownfields redevelopment support. Its expertise also spans hazardous building materials, indoor environmental quality, industrial hygiene, solid waste, geotechnical engineering and testing, and water resources.	**Nicholas Sabatine** (207) 712-9223 nick.sabatine@smemaine.com
3	**Pace Analytical Services** pacelabs.com	Pace Analytical Services provides environmental laboratory testing for soil, groundwater, surface water, wastewater, drinking water, and air. Services include PFAS analysis, sediment and tissue testing, and analytical support for regulatory compliance and site remediation.	**Ethan Leighton** (508) 898-9220 ethan.leighton@pacelabs.com
4	**Verdantas** verdantas.com	Verdantas is an environmental science, engineering, and consulting firm that brings together expertise in planning, science, and technical services. Its multidisciplinary teams help clients address complex environmental and engineering challenges.	**Tracey Costa** (508) 951-5879 tcosta@verdantas.com

TABLE	ORGANIZATION	OVERVIEW	CONTACT
5	**Specto Technology** spectotechnology.com	Specto Technology makes environmental monitoring easier. We provide complete, field-ready solutions for air quality, dust, gas, noise, vibration, and weather monitoring, available for rental or purchase. Combining industry-leading technology with wireless connectivity, real-time data access, and dedicated technical support, we help contractors and consultants streamline monitoring, save valuable time in the field, and keep their projects on track.	**Tim Norris** (856) 236-8031 tim.norris@spectotechnology.com
6	**Groundwater & Environmental Services** gesonline.com	GES is privately owned and staffed with environmental scientists, engineers, consultants, and experts. We provide integrated environmental services that drive value for our clients across North America – 100% of our business is dedicated to environmental consulting and engineering.	**Edward Kontos** (978) 500-0175 ekontos@gesonline.com
7	**Civil & Environmental Consultants** cecinc.com	CEC is a full-service engineering and environmental consulting firm that offers environmental assessment, remediation, civil engineering and other services to advance brownfields redevelopment by both the public and private sectors.	**William Hoyerman** (774) 501-2176 bhoyerman@cecinc.com
8	**Weston & Sampson** westonandsampson.com	Weston & Sampson provides interdisciplinary design, engineering, and environmental services with a commitment to improving the natural and built communities where you live, work, and play.	**Sarah DeStefano** (508) 203-8325 DeStefanoS@wseinc.com
9	**LSP Association (LSPA)** lspa.org	LSPA is an association for Licensed Site Professionals and related practitioners. LSPs are scientists, engineers, and public health specialists licensed in Massachusetts to oversee the assessment and cleanup of oil and hazardous materials. Our mission is to support our members through education and advocacy efforts.	**Mariellen Morris** (978) 656-3577 mmorris@lspa.org

TABLE	ORGANIZATION	OVERVIEW	CONTACT
10	**Fuss & O'Neill** fando.com	Fuss & O'Neill is a civil and environmental engineering firm delivering innovative, client-focused solutions since 1924. We provide planning, design, and construction across sectors like energy, transportation, and water, addressing issues such as climate change and livable communities to create sustainable, resilient results.	**Patrick Dowling** (401) 861-3070 patrick.dowling@fando.com
11	**Atlas Technical Consultants** oneatlas.com	Atlas is a nationally recognized leader in environmental consulting and engineering services operating in New England for 40 years. We deliver comprehensive environmental and infrastructure solutions to both public- and private-sector clients at every stage of the project lifecycle.	**Joe Hayes** (802) 338-5824 joseph.hayes@oneatlas.com
12	**VHB** vhb.com	VHB's passionate professionals include engineers, scientists, planners, and designers who partner with public and private clients in the transportation, real estate, institutional, and energy industries, as well as federal, state, and local governments.	**Peter Grivers** (401) 457-2036 pgrivers@vhb.com
13	**Nobis Group** nobis-group.com	Nobis Group is a 100% employee-owned consulting firm committed to sustainability and creating healthy, vibrant communities while providing engineering and environmental solutions to public and private sector clients throughout the eastern United States.	**Tim Andrews** (603) 724-6226 tandrews@nobis-group.com
14	**U.S. Environmental Rental Corporation** usenvironmental.com	U.S. Environmental Rental Corp. is a leader in our industry for providing Rentals, Sales, and Service of Environmental Equipment for monitoring the air water and soil along with providing safety supplies and consumables. Our tag line is "The Best Rental Experience Possible."	**John Spadea** (508) 341-7091 jspadea@usenvironmental.com
15	**Tighe & Bond** tighebond.com	Tighe & Bond is a multidisciplinary environmental, design, and engineering consulting firm serving clients across the Northeast. Its work spans government, industry, healthcare, education, real estate, energy, and water and wastewater markets.	**Sue Courtemanche** (508) 641-3633 scourtemanche@tighebond.com

TABLE	ORGANIZATION	OVERVIEW	CONTACT
16	**Brighter Horizons Environmental Corporation** bhenv.com	Brighter Horizons Environmental Corporation specializes in the transportation, disposal, and remediation of contaminated soil throughout New England.	**Jennifer Laramie** (978) 970-0500 jlaramie@bhenv.com
17	**Loureiro Engineering Associates** loureiro.com	Loureiro Engineering Associates is a multidisciplinary engineering, environmental, and construction firm with over 50 years of experience delivering integrated solutions that enhance both the built and natural environment. We offer services in civil and environmental engineering, building construction, health & safety, compliance, and remediation.	**Sean Furlong** (978) 604-9184 smfurlong@loureiro.com
18	**Battelle** battelle.org	Battelle leads the nation in PFAS analytical chemistry, operating a premier accredited PFAS testing facility. Our experts solve complex PFAS challenges with advanced methods and deliver high-quality, defensible data that meets evolving regulatory demands. We turn scientific challenges into real-world solutions for government and industry.	**Chris Ouelette** (508) 330-5828 ouellettec@battelle.org
19	**Geopier Foundation Company** geopier.com	Geopier provides ground improvement solutions for supporting structures on soft or unsuitable soil. Ground improvement is a value-engineered alternative to deep foundations and over excavation. The full displacement installation method minimizes soil displacement and disposal.	**Brian Foley** (781) 534-0567 brian.foley@cmc.com
20	**Strategic Environmental Services** strategic-es.com	Strategic Environmental Services (SES) is a Sutton, Massachusetts-based environmental management company that has served clients throughout New England since 2001, specializing in environmental remediation, soil disposal, waste disposal, and technical environmental services. SES has worked on several Brownfield sites since its inception.	**Stephen Beek** (403) 519-9497 sbeek@strategic-es.com

TABLE	ORGANIZATION	OVERVIEW	CONTACT
21	**Eurofins Environment Testing** eurofinsus.com/env	Eurofins Environment Testing provides advanced analytical solutions and dependable, high-quality data. By continually investing in our people, technology, instrumentation, and facilities, we deliver trusted support and responsive service to clients across the public and private sectors.	**Amy Corr** (223) 221-2907 Amy.Corr@et.eurofinsus.com
22	**REGENESIS** regenesis.com	REGENESIS is an expert provider of cost-effective in situ soil and groundwater remediation products. REGENESIS leads the industry in effective groundwater and source treatment to eliminate PFAS compounds and other emerging contaminants. Land Science® offers comprehensive vapor barrier systems, venting solutions, and expert installation services.	**Elliot Maker** (812) 213-2961 emaker@regenesis.com
23	**EPRO Services, Inc.** eproinc.com	At EPRO, we help architects, engineers, contractors, and owners select and execute the proper building protection for each project. Whether it's waterproofing, vapor intrusion mitigation, or an air barrier system, we combine our experience, technical support, and extensive product offerings to help reduce risk and keep projects on the right track.	**Adam Richards** (800) 882-1896 adam@eproinc.com
24	**TRC Companies** trccompanies.com	TRC's practitioners in consulting, construction, engineering and management services deliver unique resolutions that answer any imperative. By creating new pathways for the world to thrive, we help our clients adapt to change while solving the challenges of making the Earth a better place to live — community by community and project by project.	**Charles Springer** (207) 317-1111 charles.springer@wsp.com
25	**BETA Group** beta-inc.com	BETA provides state agencies, municipalities, and private clients with planning, engineering, design, asset management, and construction services.	**Joe McLoughlin** (401) 333-2382 jmcloughlin@beta-inc.com

TABLE	ORGANIZATION	OVERVIEW	CONTACT
26	**Stone Environmental** www.stone-env.com	Stone Environmental is a 100% employee-owned firm committed to revitalizing brownfields and restoring healthy environments. We partner with local stakeholders to assess, remediate, and re-envision sites, engaging communities, leveraging funding, and integrating flood resilience and climate adaptation to create vibrant, healthy places.	**Daniel Voisin** (802) 229-1875 dvoisin@stone-env.com
27	**UConn TAB** tab.program.uconn.edu	The University of Connecticut Technical Assistance to Brownfields Program (UConn TAB) helps New England communities investigate, clean up, and redevelop abandoned or potentially contaminated properties. Supported by the U.S. EPA, its multidisciplinary team promotes collaboration, public health protection, and sustainable redevelopment.	**Randi Mendes** randi.mendes@uconn.edu
28	**Rhode Island DEM** dem.ri.gov	The Rhode Island Department of Environmental Management (RIDEM) helps communities assess, clean up, and reuse brownfields through technical assistance, planning support, and regulatory oversight. Its Site Planning, Assessment, and Remediation Collaborative (SPARC) applies for EPA funding to support site assessment and revitalization, helping transform underutilized properties into community assets.	**Rachel Simpson** (401) 537-4362 rachel.simpson@dem.ri.gov
29	**TerraTherm** **a Cascade Company** terratherm.com	TerraTherm is a worldwide leader in the development and implementation of thermal remediation services. We design, build and operate thermal remediation projects from concept to closure. Cascade Environmental is a field services contractor that provides seamless environmental and geotechnical solutions, from concept to completion.	**Nicole Bryson** (805) 402-2982 nbryson@cascade-env.com
30	**UMass Dartmouth** **College of Engineering** umassd.edu/engineering/cen/	UMass Dartmouth's Department of Civil and Environmental Engineering advances research and education in environmental assessment, remediation, and sustainable redevelopment.	**Nefeli Maria Bompoti** (508) 999-6759 nbompoti@umassd.edu
